

BUY A PERSONALIZED BRICK

Personalized bricks are a great way to honor or commemorate a family member or friend. The money raised will be used to continue the Path Project throughout the Arboretum with other personalized brick locations along the pathway. Buy a brick for yourself or your family. Your names will be etched in Toledo's Old West End History for everyone to see.

A contribution of \$100 will buy a standard 4" x 8" laser-engraved brick with your name or personal message.

Laser engraved with up to 3 lines of 12 characters each. **Please print clearly.** One character per box with one blank space between words.
